

# Thinking of selling your home?

There has never been a better time to sell your home with Baker Wynne & Wilson...

In September, October and November we sold £13.5 million worth of property from terraced cottages and apartments to large town and country houses.

This proves something our clients have known for a long time, that nothing beats a proper estate agency who's owners and staff are totally immersed in the local community, the sought of folk who are the very nub of the market.

Baker Wynne and Wilson, a proper local firm with national connections.

Independent Estate Agents, Valuers & Auctioneers
